

Yellow Magic

A Complete Directory Publishing & Business System

Information in Motion: A Simple Thought Which Clearly Describes A Publisher's Environment...

....But that's about all that's simple about this business. Managing information is tough, but it doesn't have to be. At Yellow Magic Incorporated, we understand that your company's profitability is determined largely by how it collects and manages information, so we have made it our business to develop and provide you with the tools you need to do both.

Take control of both your information and your business with **Yellow Magic**, our powerful, fully integrated business management and publishing system designed specifically for the directory publishing industry.

From lead generation and canvass management and commissions...through contract entry and account maintenance...continuing on to account billing and collections...and then all the way through creation of a CD of your pages for your printer "**Yellow Magic**" has you covered. When it comes to directory publishing, we set the standard by which all other publishing systems are measured.

When it comes to lead generation and the management of a sales canvass, no one does it better than you do with Yellow Magic.
